In the case of a part-time attending veterinarian or consultant arrangements, the formal arrangements shall include a written program of veterinary care and regularly scheduled visits to the premises of the dealer or exhibitor."

There is no written documentation that the attending veterinarian has made the required facility visit in the past year. The veterinarian needs to document visits, either on the provided check sheet, or in some other manner, so that visits can be verified by the inspector. Correct by 3 June 2007
